

TEMPEST®

HOWE

PRODUCT DESCRIPTION

DESIGNED BY HOWE 1974 / KOMPLOT DESIGN 2002/2009

TEMPEST®

Tempest is the original space-saving flip-top table system for use in multi-purpose eating, meeting, training and conferencing facilities. Whether you prefer a big conference table, a modular meeting table, a low lounge table or a high bar table, Tempest has an array of answers. The benchmark flip-top mechanism is both beautiful and rock solid, securing an outstanding stability. In addition, the elegant elliptical leg-design with a concealed castor solution and the multi-directional linking system make Tempest easy to handle for just one person. Simply and effortlessly just “wheel-barrow” the table around and save valuable space by flipping the table tops when not in use.

DESCRIPTION

Tempest is a multi-purpose mobile flip-top table system for eating, meeting, training and conferencing applications. T-leg design permits maximum seating capacity around the entire perimeter of the top. Tables can be nested when not in use.

PRODUCT DETAILS

TABLETOPS

25 mm chipboard when surface is veneer, laminate or melamine. 25 mm MDF when surface is linoleum. 40 mm abacia when 40 mm tabletop thickness is chosen.

VENEER VERSION

Natural wood veneer or stained wood veneer.
0,6 mm knife-cut sanded veneer on both sides.
Total thickness of 27 mm.

Standard finishes come in maple, beech, oak, cherry, ash, birch, and walnut as well as stained in black, walnut, and white.

LAMINATE VERSION

Coloured laminates or wood grain laminates. 0,8 mm laminate on both sides. Total thickness of 27 mm.

Standard coloured laminates are Howe grey, grey, stone grey, black, white, and metal slate.

Standard wood grain laminates are oak, grey oak, walnut, and beech. Other colours or wood grains available upon request.

MELAMINE VERSION

Melamine surface on both sides. Total thickness of 25 mm. Standard melamine finish is white.

LINOLEUM VERSION

Linoleum surface (Forbo Desktop) on top and light brown paper on backside. Total thickness of 27 mm.

Standard colour is black. Any Forbo Desktop colour available.

NANO LAMINATE VERSION

Nano laminate surface on top and white laminate on backside. Total thickness of 27 mm.

Standard colours are black, eggshell white and warm grey. Not all sizes are available with nano laminate. See price list for more info.

EDGES

Standard options include:

Matching hardwood edge on veneer tabletops.
Matching ABS edge on laminate, nano laminate, melamine and linoleum tabletops.

BASES

Round uprights and elliptical feet. Steel quality Norm DIN 2394 with Fe content of 97-98%. Foot end caps in dye cast zinc.

T-legs:

Ø45 x 2,0 mm gauge on upright tube and 50 x 25 x 2,0 mm gauge on elliptical foot.

TT-legs:

Ø45 x 2,0 mm gauge on upright tube and 50 x 25 x 2,0 mm gauge on elliptical foot.

S-legs:

Ø45 x 1,5 mm gauge on upright tube and 50 x 25 x 2,0 mm gauge on elliptical foot.

S3-legs:

Ø76 x 2,0 mm gauge on upright tube and 50 x 25 x 2,0 mm gauge on elliptical foot.

All Tempest feet are supported with an inner tube dim. 20 x 20 x 2,0 mm gauge to assure strength.

Base finish comes in chrome3 (20-50 µ) and black, satin black, white, satin white, Howe grey or aluminium coloured powder coating (40-100 µ).

GLIDES & CASTORS

Two adjustable glides and two castors are included on a standard T-leg, allowing for easy maneuvering and transport of tables from one area to another.

The X-base features four glides. Both the glides and castors are made of plastic (POM), with the glides adjustable up to 10 mm.

MECHANISM

The flip-top mechanism on T-style tables is a spring assisted butterfly mechanism in die cast aluminium, coated in aluminium colour. The beam is in Ø50 x 4,0 mm gauge steel tube coated in aluminium colour, steel quality 235. The flip-top mechanism on S-style tables is a clamshell in die cast aluminium, coated black.

The hinges are connected to the beam and provides easy noiseless flipping of the table top. The hinges are in die cast aluminium, coated in aluminium colour.

SUB COMPONENTS

Sub components are in Howe grey plastic material. Wedges on table top in PA6. Protection bumpers on butterfly arms in PA6.

VARIETIES

FOLDING MECHANISM

Larger size Tempest tables with double T-leg design are available with folding mechanism. The folding mechanism is user-intuitive and rigorously engineered. Subframe is 35 x 23 x 3,0 mm gauge, painted black. The folding base option is available with either all glides or with glides and concealed castors at one end for ease of mobility.

FIXED BASE OPTION

Tempest tables are available with a fixed base. For special requirements, the leg positioning can be designed according to desired configurations. The fixed base option is also with concealed castors at one end for ease of mobility.

TEMPEST CONFIGURATIONS

Tempest Configuration is a concept with big size tables for fixed settings. The legs are shared to minimize cost. The concept accommodates from 10 to 26 seats and each seat has 700 mm space. The double T-leg design are fixed and with adjustable glides. Available as rectangular and boatshape and comes in veneer and laminate.

STACKING CAPACITY

Flipped tables have a nesting depth of 130 mm. Flip the tops and nest the tables inside each other tops against tops. 6 tables can be stacked on table transporter. Folding tables have a folded height of 115 mm. Up to 5 tables can be stacked on transporter.

DIMENSIONS AND WEIGHT

**Due to manufacturing tolerances, actual product dimensions may vary slightly from nominal values.*

DIMENSIONS

Height of table: 730 mm.
 Height of bar version: 1050 mm.
 Height of lounge version: 400 mm.

T-style footspread for flip top tables: 550 mm.
 TT-style footspread for folding table: 900 mm.

Cross base style foot spread: 600 mm, 810 mm or 1092 mm depending on the size and shape of the table.

ACCESSORIES

ELECTRIFICATION SOLUTIONS - please see HOWE price list.

MODESTY PANEL in 20 mm chipboard finished with melamine, laminate, linoleum or veneer. Matching edges. Panel height is 250 mm.

Demountable solution - for Tempest Fix. Brackets secure modesty panel to underside of the table and can be removed with wing bolts. This solution can be used with Tempest Flip, but the panel must be removed before flipping.

MODESTY PANEL in 9 or 12 mm MDF finished with veneer, laminate or linoleum. Removable. Edge detail as on table tops. Panel height is 250 mm. Panel to be hung on two or three hooks attached underneath the table top..

LINKING BRACKETS in 3 mm high-density steel, glass-blown and coated black. Dimensions are 70 mm x 70 mm. Brackets are placed symmetrically in all corners of the table top. Capture arm also in high-density steel, glassblown and coated black - 120 x 32 mm. Fitting for short side to long side linking in black coated glassblown high-density steel is removable. Locking of brackets with finger-screw.

LINKING BRACKETS FOR CHAMFERED TABLE TOPS to be located underneath the top. Top-to-Top linking and levelling adjusted with finger screws. The brackets are retractable pull out brackets (RPO) in steel, painted black and slide out of view when not in use. End-to-end, end-to-side or side-to-side linking possible.

TABLE TRANSPORTER for flip-top tables. MDF platform. Metalwork powdercoated in B10 - Howe grey. Capacity up to 5 tables standing up (flipped position). Height: 960 mm, Length: 2000 mm, Depth: 915 mm.

TABLE TRANSPORTER for folding tables made of steel frame, type E235. Rubber profile for protection. Powder coated in Howe grey.

The L-kit transporter stores up to 5 tables, nested on long side. Nest top against top and base against base to prevent damage. 2 fixed wheels and 2 multi-directional wheels with brakes. Safety straps to hold tables in place during transport.

The transporter fits all Tempest folding table sizes. Up to 600 kg load. Delivered flat packed (pallet size). Easy assembled with 26-28 screws.

Dimensions for L-kit:
Height: 1255 mm, length: 2010 mm, depth: 775 mm.

The dimensions are without tables on the transporter

ERGONOMICS & ENVIRONMENT

Tempest is a “zero-weight” table system. The flip-top mechanism and concealed castors in the feet allow the table to be easily wheel-barrowed around. All parts of the table can be dismantled and recycled.

TESTS

The table is designed for severe contract use and has been subject to a variety of tests to ensure its highest quality and durability.

The furniture is tested by third-party organizations and passed testing according to the required EN and BIFMA standards, staying also in line with strict emission regulations.

All the certificates are available for access and download [here](#).

WARRANTIES

HOWE a/s gives a 10 years guarantee on all Tempest tables against weld breakages, defective material, workmanship and performance under normal use.

For full information please see the warranty provision on howe.com.
